## Vicenti Dirt Work, LLC., JICARILLA APACHE BUSINESS OWNER

### **\$40,000 Business Loan**

Vicenti Dirt Work, LLC is owned by an enrolled member of the Jicarilla Apache Nation who has over 35 years' experience in the oilfield services industry. The owner has served as the Assistant Director of the Jicarilla Apache Oil and Gas Administration Office and various technical positions in the field.

One of the Jicarilla Apache Nation's main enterprises is in oil and gas production and as such the tribe endorses tribal member owned businesses through the tribe's Tribal Employment Rights Ordinance. The current lull in oil production has provided an opportunity in that private oil companies operating on the reservation are obligated to reclaim over 1000 capped oil and gas well sites which includes moving the dirt around capped wells back to its original topography and seeding the land with native plants.

The business owner has completed exactly this type of work in years' past but required a loan to lease the heavy equipment and pay other start-up costs necessary to initiate the work. This loan advances the self-reliance of American Indian communities by providing access to capital that stimulates Native owned business on tribal lands as well as employment opportunities for American Indians.

Our mission is to advance Tribal self-determination by working as a lender and as an honest broker for unlocking capital resources necessary to build Tribal economies.

Call or visit us online to learn how we can help you make your project a success!
